TANJA MARINA BAY

Since its establishment, Tanja Marina Bay has been a beacon of luxury and excellence, attracting visitors from around the globe year after year. Nestled along the picturesque coastline, our marina offers not only stunning views of the Mediterranean Sea but also a promise of unparalleled quality services and facilities that exceed expectations.

Designed for comfort and excellent security.

Personalised assistance for boats and crew.

1400 moorings eventually, perfect for the whole year.

20 hectares of sheltered water.

Maximum depth of 8 meters.

Possibility of mooring up to 90M in length.

Proximity to the airport and TGV station.

Join us at the Marina of Tangier and discover why we are more than just a destination – we are a lifestyle, where luxury knows no bounds and every moment is a celebration of the finer things in life.

BLUE FLAG

SUSTAINABILITY

TANJA MARINA BAY

During your stay,
we appreciate your collaboration in
preserving our environment and
keeping the port facilities in perfect
condition.

Tanja Marina Bay has launched a cross-functional strategic development plan to become a sustainable marina, balancing economic development, social equity, and environmental protection.

Given our commitment and the activities we carry out, we have chosen to increase our efforts in the following areas:

- PROTECTION OF THE OCEANS
- PROTECTION OF THE BIODIVERSITY
- RESPONSIBLE CONSUMPTION
- REDUCTION OF POLLUTION

This plan is for a sustainable Marina in which we are engaged daily with objectives that include meeting the 17 goals set by the United Nations in its Agenda 2030. The aim is to make our world a better place to live in the years to come, trying to end poverty, protect our planet, and guarantee peace and prosperity for all.

.By 2030. Tangier will be a plastic smart city with 0% plastic leakage into nature.

Tangier City Port Won the AIVP Antoine Rufenacht Award:

An International Recognition for the City of Tangier.

Tangier City Port won the AIVP's Antoine Rufenacht Award at the International Association of Cities and Ports (AIVP) World Conference, held in Lisbon from November 27 to 29, 2024.

This award, presented for the first time, recognizes the best city-port interface development project, combining innovation, sustainability, and integration. The AIVP Antoine Rufenacht Award is the only international distinction dedicated to maritime and river port cities that have successfully completed an exceptional development project in line with the sustainable development objectives of the AIVP's Agenda 2030, thereby contributing to the improvement of city-port relationship.
